## *Web Connect*

### Introduction

As **Happy State Bank** completes its system conversion to join the **Centennial Bank** family, you will need to modify your Quicken settings to ensure the smooth transition of your data. Please reference the dates next to each task as this information is time sensitive.

To complete these instructions, you will need your **new** User ID and Password for HappyBank.com

You should perform the following instructions exactly as described and in the order presented. If you do not, your online banking connectivity may stop functioning properly. This conversion should take 15–30 minutes.
